Blue Motor Finance has over 121,000 customers who have taken out Hire Purchase Agreements to obtain a motor vehicle. Finance is arranged through a national network of motor dealers and motor finance brokers.

To help you compare complaints data across firms of differing sizes we put our figures into context by using the "per 1,000 loans" metric.

\* Where a firm is the product provider, a "Provision" metric is used, this considers the total amount of agreements in place at the end of the reporting period.
